PUBLISHED WEEKLY AT DALLON, GA.
DALLON, GA., - August 3, 1888

FOR PRESIDENT,
GROVER CLEVELAND,
OF NEW YORK.
FOR VICE PRESIDENT,
Allen G. Thurman,
OF OHIO.

The Mills bill passed the House on last Saturday by a vote of 162 for and 140 against—13 majority. The Atlanta Journal says the bill, as originally introduced, was estimated to reduce the average of duties from 47 to about 40 per cent. A number of amendments were made in the house, some increasing and some decreasing its rates, some adding to, and some taking from its free list; but probably the per cent of the reduction has not been greatly changed. The final placing of cotton bagging and iron ties on the free list is an especial advantage secured for the south, and a very valuable one. There is some hope of the passage of the bill by the senate.

EXPOSURE to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLean's Liver and Kidney Balm. \$1.00 per bottle.

Georgia School of Technology.

According to a letter received by the County School Commissioner requiring competitive examinations of applicants for places in Georgia's School of Technology, which has been established by act of the Legislature, in connection with the State University, Saturday Sept. 1st 1888, is the day set apart for such examination.

The following is an extract of the law, and for other information, apply to the School Commissioner.

"That their shall be one beneficiary for each Representative in the General Assembly from every county in this State, selected by the Board of Education in each county on competitive examination, and who shall be first entitled to the benefits of said school; that the tuition in said school shall be free to all students who are residents of the State of Georgia. The rates of tuition to others than residents of the State shall not exceed one hundred and fifty dollars per annum."

Four hundred convicts nearly succeeded in escaping from the Pratt mines in Alabama a few days ago. They had worked for days in an attempt to tunnel out, but on the last day were betrayed. Had they escaped excitement in that vicinity would have been at white heat. They will be watched very closely in the future. Five did escape from the Coalburg mines a few months ago, and this, no doubt, caused the four hundred to make the attempt.

Stomach headache, wind on the stomach, biliousness, nausea, are promptly and agreeably banished by Dr. J. H. McLean's Little Liver and Kidney Pills. 25c a vial. 2

The Librarian of the Georgia State Lunatic Asylum is out in a card in the Macon Telegraph, stating that the library which was started less than one year ago is an assured success. There are now more than three thousand books in the library, the gift of people from all parts of the State. He calls for all friends of the institution who can do so to send in any books they may feel like contributing, and confer a kind and charitable act upon an unfortunate class.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago and will find a valuable remedy in Dr. J. H. McLean's Volcanic Oil Liniment; it will banish pain and subdue inflammation.

Revival at Corinth, Chester District, Lumpkin County Georgia.

To the People of Lumpkin County and to the readers of the Dahlonega Signal

I left my home in Union county on the 20th inst. for the purpose of meeting and worshipping with the people of Lumpkin, as I have heretofore many times worshipped God with the people, and I have had a great desire to 'do so again. I reached my brothers, S. H. Waters, late Saturday evening, the 21st, and met with my dear Brother C. W. Stargel. Brother Stargel had been stung, and the appointment had gone out, to preach a sermon on the 22nd in memory of my mother, at my brother's residence. Brother Stargel preached the sermon with zeal and power; the result was that we had a wonderful meeting in the name of Jesus. I was solicited to preach that night down at the school house, near the residence of Rev. W. L. Garrett. We met at the school house that night, and the result was that a small crowd arose out of the sea of God's promised Grace, and spread over the settlement and emptied itself in showers of blessings upon them, and a great majority of them were very greatly blessed. The meeting increased with interesting delight to the people. We carried on the meeting from Sunday night till the next Friday night, during which time, we assisted by others, organized a Baptist church, the name of which is Corinth. There were several mourners during the meeting, several embraced religion, and joined the church and were baptised, Friday. I will now ask the prayers of all of the Lord's people, with mine, in behalf of the mourners whom we left at Corinth and upon the church, and, notwithstanding, the great blessings which the people enjoyed. There was some trouble on Tuesday night the girls of old brother Wm. Miller returned home and being accompanied by the old and reverend John Dowdy and his grandson W. T. Dowdy, found the door shut from within, and could get no answer from within from anybody. They resolved to break off the pin for the door was pegged, supposing perhaps that there was no body at home and when they made an effort the old man called to them from within telling them that they could no longer roost around him. There were four of the girls—the oldest of whom asked her father to let the aged minister to wit, J. M. Dowdy in to the house, telling her father that he was very near exhausted. Brother Miller refused to let them in and they had to go over the ridge to Brother Newton Crow's. The above is the proceedings according to the best information that I could get. I am further informed that the opinion of the people is that the old man Miller objects to them going to meeting at the school house. I will now ask the prayers of all the Lord's saints, who may read the above, to go with mine to the bill of the Lord in behalf of the homeless and motherless girls. Two of the girls professed religion and joined the church—two of them were already members. Their mother departed this life three or four weeks since. May the blessings of Heaven be shed upon the girls with the father and all the settlements.

Respectfully,
REV. J. R. WATERS.

Me and Ned.

On last Saturday evening, in company with Bro. J. A. Elliot we visited the Aurora Assembly of K. of L. We found quite a crowd of the boys of the very best material the district affords, awaiting us.

The Assembly has just been organized by Bro. J. T. Howard (who by the way is a regular commissioned organizer.) The boys have gone to work in earnest and say that they will beat the Golden city Assembly.

Their Master workman is one of the foremost citizens of the district and will make the order a success. My opinion is that by Christmas the order will be 500 strong in this county. We stepped with our old friend I. A. Hollifield our war-chum and a most splendid fellow general.

ly. Dank lives at home and also boards there, has got a splendid crop of corn and a big patch of melons.

There is a new company going to mining on the Jay property, they feel confident that they will make it pay. The Jay is just as good as the Barlow which I learn is better than ever before.

What has become of all your contributors—would like to hear from them. Crops is laid by and the farmers resting and candidates a booming. So give the Signal the news: Me and Ned over hear in the Hollow, will try to keep you posted in this part.

PHYSICIANS prescribe Dr. J. H. McLean's Tar Wine Lung Balm; in they find no trace of opium or morphia, while its efficacy in curing all throat or lung diseases is wonderful.

A Greatful Acknowledgment.

GENTLEMEN: I wish to proclaim to the world what S. S. S. has done for me. For the past ten years I have been afflicted with dreadful eruptions on my face, caused by my poison. I was under the treatment of a number of physicians, but obtained no relief. I tried the best "blood purifiers" in the market, but without avail. I had given up in despair, thinking I could not be cured; but happening to read the Detroit Journal, I noticed S. S. S. advertised and read Mrs. Bradley's testimonial. I thought I would try this remedy. I have taken eight bottles, and there is not a spot on my face. It has also cured me of chronic catarrh. I have never enjoyed better health than I do at present. I feel like a new person. I cannot find words sufficient to express my appreciation of its merits, and the glad tidings that came to me through the reading of that advertisement. Wishing you every success, I am yours truly,
JOSE OWEN.

BLUE MOUNTAIN LODGE, F. & A. M.
DALLON, GA., JULY 1st, 1888.
To the Worshipful Master Senior and Junior Wardens and Brethren of Blue Mountain Lodge No. 28, F. & A. M.

The undersigned committee to whom was referred the duty of preparing a Memorial Notice of the death of our venerable brother and fellow Mason, Thomas Goodrum, beg leave to submit the following:

Our esteemed brother died within our jurisdiction at the home of his son-in-law, Wm. J. Worley, in Dahlonega, on June 21, 1888, at the ripe old age of 88.

At the time of his death he was a member of Lodge No. 114, at Blairsville, Ga. During his life and active manhood he was an energetic and useful citizen—always ready to assist the weak and needy—and gave a hearty cheerful support to the church and other worthy institutions of his country and community.

In his later days he was the subject of great bodily infirmities which he bore with Christian patience and fortitude and gave to his friends and family the evidence and assurance of thorough spiritual preparation for his dissolution, and that he died in the full hope of blissful immortality beyond the grave.

At the request of his family his remains were interred in the cemetery at Dahlonega with Masonic honors.

Resolved 1st, That we tender our sincere condolences to his aged widow and the members of his bereaved family, and pray God's comforting blessings upon them.

Resolved 2nd, That we recognize and deplore his loss as a ma-

son and offer our fraternal sympathies to the Lodge of which he was a member.

Resolved 3rd, That the foregoing be placed on the minutes of this Lodge and copies be furnished the widow of the deceased and Allegany Lodge.

Resolved 4th, That the DAHLONEGA SIGNAL be requested to publish these resolutions.

"There is no Cure but Marriage!"
How many a pompous old fraud, with an M. D. attached to his name, has offered this time-dishonored prescription to a pale, laggard girl, suffering from the ills of womanhood! How many a wretched hell on earth has thus been started! For no marriage can be blessed, either to husband or wife, which is taken as a pill. Out upon such quackery! There is a cure for suffering women—a cure which will make marriage the greatest of all earthly blessings, and home the sweetest of Edens. Its name is Dr. Pierce's Favorite Prescription. Just try it once, and see the black clouds of life roll away before the glowing sunshine of returning health and vigor. It is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case or money refunded. See wrapper around bottle.

Dr. Pierce's Pellets, the original and only genuine Little Liver Pills. 25 cents a vial; one a dose.

ATTEMPTED SUICIDE.—On Saturday evening last old Bill Townner, whose drunken form has obstructed every gutter in town by turns, got an idea that he would be better off in Hades. He therefore went down to the bridge and rolled himself into the river. It was the first tumbler of water he had struck for thirty years, and it made him lonesome to get back to whiskey. Some people heard his yell, and supposing that he was somebody worth saving, they hauled him out. We hope he will try it again soon. He spilled the water for twenty-three miles down stream, and it's no wonder he is ashamed to show his face on the streets up to date.—Kicker.

Talk about perpetual motion—why, bless you, the country editor is the living embodiment of it. He is never absolutely at rest. From sun to sun he is pegging away at the paper, for in nine cases out of ten he is editor, business manager, canvasser, printer and pressman. And when the night falls his labors are not ended: for copy must be had for the morrow, exchanges skimmed and culled from, delinquents billed and contracts for cheap advertising attended to. And when at last sleep lays her balmy hand upon his brow, he lies down to dream of work and the load of wood which John Jones promised and never brought, and keeps up a lively perspiration chopping it in his sleep. Oh, yes; the country editor has got perpetual motion down to a fine point.—Smithville News

"It Hurts 'Em"—The show of live ads, which the Kicker is now making, hurts some of the news-papers in this locality awful bad. The Bollwacker and others are charging us with procuring our ads by threats and intimidations. It is a monstrous lie. Business men advertise with us because they know that we are reaching out after a circulation of \$100,000 copies, and that we have already booked 134 names towards it. We drop into a business house in a business way, explain the advantages of advertising in a paper like the Kicker, and seldom go away empty handed. While it may have happened that non-advertisers, like old Cobb, the grocer, and Dead Beat Smith, the druggist, have their records published and been shown up for what they were, it was only a coincidence. Let the jackals howl! We know our gait, and we propose to keep right along.

Tom Woolfolk's case will go to the Supreme court, Judge Gastin having overruled the motion for new trial.

DAHLONEGA SIGNAL.

DAHLONEGA, GA., Aug. 3, '88.

N. G. A. College.—New arrangements are being made in regard to the faculty of the above institution, which will be made known as soon as completed.

—Finest corn crop that have ever been in this county up to date. Corn down from wagons, to sixty-five cents.

THE MARY HANNAH.—On last Monday morning we saw the belting going out for this famous mine. The stamps have dropped are this.

It is asserted by a leading republican that Thad. Pickett will carry Lumpkin. Well as the notorious W. L. D. Smith used to say, "Just let it be so."

The Prohibition Election. As our opinion in regard to the prohibition election has been voted down by attorney's the Ordinary and officers, we surrender and call upon all those who are in favor of prohibition to come out to the polls on election day and give a roaring majority for prohibition.

MARRIED.—Mr. Wm. E. McDonald was united in marriage to Miss Cynthia Ann Jones, daughter of our esteemed fellow-citizen, Martin L. Jones, of this county, on last Sunday. Rev. Dr. Howard performed the ceremony. The groom and his bride returned to Mr. J. M. McDonald's the father of the groom, accompanied by Dr. Howard and a few other friends and partook of a nicely prepared supper, gotten up for the occasion. Ed. is a good honest hardworking boy, and his wife is the daughter of one of our best farmers. Both are willing and able to work and we predict for them a life of happiness and prosperity.

SICK.—Our little friend Bell Gray, is confined to her bed very sick with a bilious attack at the residence of her step father's Mr. A. A. Hume. We hope the little sufferer will soon be on her feet.

There are many accidents and diseases which affects Stock and cause serious inconvenience and loss to the farmer in his work, which may be quickly remedied by the use of Dr. J. H. McLean's Volcanic Oil Liniment.

—James A. Butts, one of the leading spirits of Blairsville, was in the city Monday, and left on that day accompanied by his mother-in-law, Mrs. Goodrum, for his home. Jim looks as in the days of "yore."

—Miss Lou Chamberlain, of Long Swamp, formerly of this city is stopping in the city.

—Misses Minnie Griffies and Clara Sitton, are in the city and stopping at Rev. O. Hughes'.

When nature falters and requires help, recruit her enfeebled energies with Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. \$1.00 per bottle.

—A. H. McDonald, of Savannah, who, it will be remembered, spent the summer here last year, has arrived and is stopping with his family, who proceeded him a few weeks ago, at the Burnside. Our citizens generally have formed a very close attachment to Mr. McDonald for his untiring and gentlemanly deportment, and we were all very much gratified to meet him again.

Far better than the harsh treatment of medicines which horribly gripe the patient and destroy the coating of the stomach. Dr. J. H. McLean's Chills and Fever Cure. Sold at 50 cents a bottle.

The Revenue.

Deputy Marshal James Findley, of Elijah, came into this county and arrested one of the Seins for Internal Revenue violation and stopped at night with Mr. Wm. Chester, of Dawson county. Next morning, to his surprise, he found that his buggy had been burned and his horse's ears cut off and his tail shaved. It was said by the neighbors that the parties who did the mischief were after Mr. James Robinson, who accompanied Findley.

E. D. Gaddis was arrested on Tuesday last and brought before Commissioner Baker, charged with Internal Revenue violation. He was tried and acquitted.

PORTA SPRINGS.—We met Col. Farrer, in the city, on Wednesday morning last, and he informed us that the guests at the Springs amounted to about sixty, and visitors were coming in every day. On last week there was such a rush that it was almost impossible for Mr. Meaders to keep a hack on the Dahlonega and Gainesville mail line.

We are pleased to learn that the old Porter is maintaining its popularity as a summer resort. Col. Farrer has spent no pains or expense in making preparations for the comfortable entertainment of guests—having added many new features to the surroundings. He has been at immense expense in advertising and making all the necessary changes, and we again say that we are truly glad that the Springs are being liberally patronized. Come along, there is still room.

CHILDREN will freely take Dr. J. H. McLean's Tar Wine Lung Balm unlike cough syrups, it contains opium, will soothe and heal any disease of the throat or lungs quicker than any other remedy.

Brasstown District Meeting.

Uncle Goodman Hughes, who has just returned from the District Meeting at Brasstown, speaks in glowing terms of the Harris Institute and the District Meeting. The meeting was very largely attended, and much interest was manifested by all delegates and visitors. The neighborhood was equal to the emergency, being in the locality of the finest fertile region in the county.

Y. L. G. Harris has already donated three thousand dollars to the Harris Institute, and the money has been so economically expended, that the place will be sought after by those hunting cheap education.

The Institution and the surroundings are supplied with pure mountain water brought in pipes from the mountains around, and forced into the rooms and all surroundings where water is needed. This, alone, is a great convenience. The delegates of the meeting having much faith in the institution, they raised a loan fund of five hundred and fifty dollars, to assist poor young men and young ladies in obtaining an education.

We wish the institution God's speed in its noble objects.

CANDIDATES.—We are frequently asked who are the candidates. We know of no candidates only those who have announced in the columns of the Signal, and we refer you, reader to the announcements under the proper heading. If you desire to come before the people, a little printers ink is necessary.

—Mrs. Woodward and Miss Lizzie Mother and sister of Capt. J. W. Woodward, are up from Gainesville, and will spend a few weeks in Dahlonega to rest and recuperate their health.

The letter from Jay is not a proper communication for the Signal, hence it is rejected.

—Miss Mary Jenkins, after an absence of several months, at Iron ton, arrived home on Wednesday evening last.

—Mrs. Cook and little daughter took their departure for their home a few days ago.

—Our friend, Mr. S. H. Williams, found it necessary to go to Atlanta to seek medical aid for a sore foot which is giving him considerable trouble. Dr. Westmoreland will treat the case. We hope Mr. Williams' foot can be saved.

—Mr. George Stearns, has gone on a visit to Morganton.

Are you restless at night, and harassed by a bad cough? Use Dr. J. H. McLean's Tar Wine Lung Balm, it will secure you sound sleep, and effect a prompt and radical cure.

According to the Detroit Free Press, a Chicago burglar led in a newspaper that had overlooked \$80 in bureau drawer. He returned the next night not only secured it, but a suit of clothes besides. Here we have another illustration of the valuable of the press as a disseminator of useful information. Now is the time to subscribe.

Senator Brown will ask the State to pay him the next little sum of \$2,000,000 for betterments on the State road, and the next legislature will be called upon to vote him this amount. Candidates for representation, where are you? How do you stand on this proposition? Speak out, or your silence may your defeat.

Hon. Judge, Joel Branham has issued a card withdrawing from the race for Congress in the 7th District.

One of the most important matters to be acted upon by the next legislature is the disposition of the State road.

ANNOUNCEMENTS.

FOR SHERIFF. I announce myself for SHERIFF, and as it is somewhat a new and broad question and with the kind regards for the good people of Lumpkin county, for the past favors conferred upon me and with good will toward all men in this world again announce myself for the office of Sheriff of Lumpkin county at the January election, in 1889.

Now, Good people, if you cannot suit yourselves any better, give the office to your old SHERIFF, who has served you to the best of his ability.

Your Humble Servant, W. S. SATTERFIELD, Jr.

COUNTY TREASURER. AFTER due consideration, and consultation with some of my most intimate friends, I hereby announce myself as a candidate for County Treasurer of Lumpkin county, Election, Jan. 1889.

J. F. REED, Jr.

COMER'S GUARANTEED CHICKEN

Cholera Cure!

After using this medicine for the past two years, and never finding a case of Cholera that it would not cure, I feel no hesitancy in offering it for sale with a guarantee that it will cure every chicken that has the Cholera with life enough to eat a particle of the medicine. Your dealer will REFUND THE MONEY, IF IT FAILS TO CURE. Please read the following TESTIMONIALS.

Judge HOWELL, Oona, who is authority on all points pertaining to the poultry yard, publishes the following letter in the Southern Farmer: "COMER'S GUARANTEED CHICKEN CHOLERA CURE.—This Summer I have had the first touch of cholera in my yard for several years. I lost my best cock and several hens. My neighbor, Mr. James T. Comer, of Athens, Ga., heard of my trouble and sent me, to try, a package of his Cholera Cure. When I used this medicine I had two hens in collapse condition, too far gone to eat and about to die. Several others were affected. I fed the remedy in food, as directed, to the flock. I gave the two hens named the medicine in solution. One of these died, the other is now well. In twenty-four hours she was relieved, and in one week entirely well. The other affected fowls all recovered health and vigor in a few days. No other case developed. All my stock are now well. It is a month now since the disease disappeared. I believe the remedy of my friend Comer saved me from a destructive mishap of the worst destroyer of fowls."

HOWELL COB.

HARMONY GROVE, Ga., August 22, 1887.—This is to certify that I have given Comer's Guaranteed Chicken Cholera Cure a trial, and can safely recommend it as a certain cure for this fatal disease among fowls.

W. J. COSS.

ATHENS, Ga., Mar. 7, 1888.—Mr. J. T. Comer—Dear Jim: When I got the package of Cholera Cure from you my fowls were affected with something that I supposed was the cholera in its first stages. W. gave them only a few doses, and since that time they seem perfectly healthy, and are now in splendid condition. Yours truly, W. O. ORR.

HARMONY GROVE, Ga., March 8, 1888.—J. T. Comer, Athens, Ga., can recommend your C. G. C. G. C. to any one. It is all you claim for it. Respectfully, R. L. HARDMAN.

The Signal.

BY J. P. REED & SONS.

PUBLISHED WEEKLY AT DARIENGEA, GA.

DARIENGEA, GA., - August 17, 1888.

FOR PRESIDENT,
GROVER CLEVELAND,
OF NEW YORK.

FOR VICE PRESIDENT,
Allen G. Thurman,
OF OHIO.

FOR CONGRESS NINTH DISTRICT,
ALLEN D. CANDLER,
OF HALL.

The Queen City of the Mountains
AND THE GAINESVILLE CON-
VENTION.

It will be remembered that not many Tuesdays ago, a very large and enthusiastic meeting of the Democratic party assembled in the Court House for the purpose of sending delegates to the Gubernatorial and Congressional Conventions which was to assemble in Gainesville and Atlanta on the 8th and 14th Aug. 1888. The duties obligatory upon the respective delegates have been faithfully discharged and the results of the Gubernatorial convention has been announced and well known, while the results of the Congressional convention of this 9th Congressional District will be found in another place. Ourselves, with our colleague Mr. A. C. Johnson, went forward, and did our instructed duty, although without the least thought of hope to accomplish our mission; but nobly for the good of the Democratic party we wheeled into line after carrying out our instructions and we assisted the Convention in presenting to the voters of the District the name of the Hon. A. D. Candler, as the standard bearer of the party in this contest for a member to the 51st Congress.

To-day we place his name at our mast head and as the Signal has always been true to principle, we hope that she as the leader of forward march, that all true democrats will fall into line and help her in rolling up a majority for the "plover boy of pigeon roost" that will give independence such a deadening blow that she will never again recover sufficiently to show her face in opposition to the grand old or organized Democratic party of the 9th Congressional District.

Gainesville is alive to her every interest, the people are pouring in from all the lower country, and she is a city of no small pretensions, and her manufacturing interest—her city improvements—her electric lights and all her advantages bids fair to rank as the finest summer resort, and the finest manufacturing centre in the south.

We regret, that owing to the condition of the make up of the Signal, that the proceedings of the Gainesville Convention is precluded from the present issue.

The Yellow Fever.

We learned from various parties who received their information from refugees from Jacksonville, that the scourge in that city is much greater than it has been reported by the news papers and the associated press dispatches. All business is discontinued and people are leaving the city by every known means of exodus. The dead wagons are moving at all times of the night—the city is in mourning and business of every description is suspended. An outbreak by the negroes, who seem to be proof against the scourge is anticipated, to plunder and pillage the hundreds of unoccupied homes.

Macon and Augusta have quarantined against Jacksonville. Atlanta is receiving them with open doors and the city council have appropriated five thousand dollars additional to the sanitary commission.

The distress throughout the lower cities is appalling and there is no telling where and when the end will be.

Sick headache, wind on the stomach biliousness, nausea, are promptly and agreeably banished by Dr. J. H. McLean's Little Liver and Kidney Pills. 25c. a vial. 2

To the Voters of Lumpkin County.

As a wrong impression seems to pervade the minds of some, in regard to my candidacy, two years ago, I feel that in justice to myself and all parties concerned, to write this article over my own signature, setting myself right before a people whose interests I have served from early boyhood up to the present age.

Having been defeated several years ago, after passing through one of the most exciting county campaigns that have been in this county since the war, becoming somewhat acquainted with the tricks and schemes resorted to by candidates and their friends to carry their aims, I concluded never, a gain, to allow myself to be humiliated, by political tricksters, and men who would resort to all kinds of unchristian and ungentlemanly methods to carry their points in an election.

But, notwithstanding, these thoughts and determinations, it would be very unpatric and a person would have to be both to the duty he owes to his country and to a people whom he had become allied with in all the industries advancement and development of the same, was he not prepared and willing to throw on the mantle and respond to a call, when he has been made to believe that he was needed in a crisis to further the interest of the country he fought for—suffered for, and in whose bosom he expects to repose when the battles of life are over.

Two years ago, I was sought by a delegation of gentlemen whose honor of purpose cannot nor never will be, doubted, to become a candidate to represent my people in the general assembly of this State. I was busily engaged at my daily vocation then, in that of mining, and I was actually so wet and muddy, tired and exhausted that I came to the conclusion, that it was an angel's visit, come to bring me the good tidings that there was something better in store for me, that would probably relieve me of the hardships of the business I was then engaged in to make a competency for a family whom God had blessed me with.

The idea was conveyed to me, that the people were dissatisfied with the gentleman who had been canvassing the county for weeks, and I had been centered upon as the proper man to compromise the differences and if I would consent to allow my name to be used, that the best influences of the county would be brought to bear in my behalf and I would be elected without a doubt. I considered the matter and talked to a large number of gentlemen whose support I had been promised, and not one did I find but which gave me the support tendered, hence I announced my name a little over two weeks prior to the election, and in doing so I had no intention of any other object that which sought to be elected to represent the county of my nativity, in a position which I thought I was justly entitled to as a democrat, and a faithful worker for its cause and for the advancement of the best interest of the people of my county.

I had not more than entered the campaign until it was seen that the masses had made up their minds between the two gentlemen in the field, namely Mr. Wheelbarrow and Mr. Grindle, and the word, too late, came from the lips of many an one who would gladly have supported me had it not been for the fact that they had committed themselves and could not have gone back on their promises. "Why," said one gentleman, "I had rather vote for you than any man in the county—you are qualified worthy and justly entitled to the honor, but the issue has already been made and the people who have made up their minds and promised their support will not now yield it at this late hour."

Of course, in a few days, I readily saw that it was too late for any enthusiasm to be raised and defeat of the scheme entered into towards me was evident and the result was not changed in the count by my candidacy. My proffered support stuck to me almost to a man, and I

received a very large vote in the town district of the very best men in it, and to-day I am indebted to the lasting debt of gratitude for their efforts in my behalf.

There never has been and there never will be, a time in the history of the world, when it will not be an honor for a citizen to represent his people in the Legislature of his State, and I have always conducted myself in such a manner that I think it would be an honor I justly merit for there is no man in the county who has done more service for the State and for the general advancement of all its concerns both political and general, than I have done. Returning from the war in '65, battle scarred, and heavy responsibilities as a son and brother, I went forth re-estimated the paper that contains this article and did all in my power working unceasingly day and night for ten years, helping to build up the waste places and build up my devastated and blood stained country, and well did I succeed in carrying out my share of the great responsibility, and to-day for my untiring efforts second to only one, is the great institution of the North Georgia Agricultural College, which stands upon the hill as an honor to the local board of Trustees, sending out its untold numbers to assist in propagating the religious educational and professional institutions of the country.

Although having been unfortunate in some of the things of life and having felt far short of what my manhood conceives to be right, still I have a nerve of the essence of the life of character, which is combined in the three elements of principal integrity and independence, which has been joined by the very nature that ushered me into this world, and I still feel that I would like to be honored to a seat in the general assembly in this State where I can assist in giving to my people the very best laws for their government, and discharge a faithful duty, which would be acceptable to county State and National alike.

Now, in conclusion, I say to the people whenever I am wanted, I am at your service, feeling as I do, that there is no man in the county more entitled to the honor.

Respectfully,

J. W. WOODWARD.

A Druggist's Testimony.

The Swift Specific Co., Atlanta, Ga. Gentlemen—I used your Specific a few years ago with a very obstinate and malignant case of Scrofula, and effected a radical and complete cure. It was the case of a little colored girl, the daughter of a good customer of mine. The wife had died, and also several other children with Scrofula or Consumption. This was the last living child, and she had the worst case of Scrofula I ever saw. She had a great many lumps and holes in different places about her face and neck, so that she looked deformed. He had tried a great many remedies, and had lost all hope, when I insisted upon his trying Swift's Specific. He consented at last, if I would credit him until he could make a crop, which I did. Before he had used a half dozen bottles he reported the child well. Ten months after, when I left the place, there had been no re-appearance of the disease. Three years have now passed, and no return; I believe it a permanent cure. I am using S. S. S. on another case of Scrofula, and it is growing better every day.

CHATTANOOGA, TENN., August 7.—A special from Tecumseh Ala., says: A terrible shooting affray occurred at Rock Run, Ala., this morning between James Smith and Frank Kirk, which resulted in the former being shot through the head. Smith cannot possibly recover. The shooting was the result of a quarrel over a woman. Kirk made his escape.

A Beautiful B-s-l Skin Cream is a becoming garment to a lady. If she has an elastic step, an air of grace and modesty, and the glow of health on her cheek, she will always command admiration. Without these, no woman can appear to advantage. With sickly counter-tenances, painful rai, and listless air, she is an object of pity. How many American women daily drag out a wretched existence, ignorant of the blessing of perfect health! All her weakness can be cured by Dr. Pierce's Favorite Prescription, the great specific for prolapsus, leucorrhoea, ulceration and unnatural discharges. The only medicine sold by druggists, under a positive guarantee of giving satisfaction, or money refunded. Read guarantee printed on its wrapper.

Cut a Minister's Throat

CHATTANOOGA, Aug. 7.—[Special.]—A terrible murder was committed in Murray county, Ga., a few days ago. John Stamper is a tenant on the place of the Rev. Giddens. The two men had some words. Stamper becoming enraged, drew a knife and stabbed the minister five times, and finding he had not inflicted mortal wounds, the murderous fellow stooped down over the prostrate form of the Rev. Giddens and cut his throat from ear to ear. The murderer escaped.

WASHINGTON, Aug. 3.—A republican congressman, just from New York, brings the cheering word that Levi P. Morton, candidate for the vice presidency, has placed \$50,000 at the disposal of Chairman Quay of the republican national committee as the first installment of his contribution to the campaign. As yet, it is stated, he has set no limit to his campaign contributions. He seems to be carrying out the pledges made for him by ex-Sens. For Thomas Platt and others to the members of the republican national convention at Chicago.

Politicians who seem to know what they are talking about say that the amendment to the Constitution providing for increasing the number of Supreme Court Judges from three to five and which amendment will be voted upon at the next state election, will be adopted and will eventually become the law of the State. Already, before the amendments is voted upon by the people candidates are springing up in every section of the state.

About dark Saturday evening "Sam Walker," the yard engine of the Western and Atlantic railroad, ran over Dr. John S. Willson, a real estate agent of Atlanta, and mashed off his legs just below the knees. The accident occurred at the White hall street crossing, and Dr. Willson was in the act of crossing the track when the engine struck him. Both feet were amputated.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago and will find a valuable remedy in Dr. J. H. McLean's Volcanic Oil Liniment; it will banish pain and subdue inflammation. 7

The Georgia state fair, which will be held at Macon next fall, promises to eclipse any yet held by the state agricultural society. President Northern is working up very decided interest in it. The premium list, which has just been issued, appears to be more nearly complete than usual, and among the prizes offered are the following: For the county making the best agricultural display, \$1,000; second prize \$750, third \$500, and fourth a Jersey bull worth \$100. For the county making the best and largest display of live stock, \$600. For the county making the best and largest display of minerals, \$150, and of Georgia woods, \$100. For the best individual agricultural display \$100 is offered.

Are you restless at night, and harassed by a bad cough? Use Dr. J. H. McLean's Tar Wine Lung Balm; it will secure you sound sleep, and effect a prompt and radical cure. 4

DAHLONEGA SIGNAL.

DAHLONEGA, GA., Aug. 17, '88.

EXPOSED to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLean's Liver and Kidney Balm. \$1.00 per bottle.

Revenue Capture.

The wash Pot Distillery, was seized and destroyed by Deputy Col. McAfee and Deputy Marshal Harbison, in Charles Dubois's field, on last Sunday. It was a brandy distillery and the whole concern was captured consisting of one wash pot, and wooden sep covered with heavy copper. The arm of the cap was made of heavy tin, and the worm was made of iron gas pipe bent by beating so as to fit the flask stand. It had been running but a short time, and its location is in only about three miles of Dahlonega.

CHILDREN will freely take Dr. J. H. McLean's Wine Lung Balm, unlike cough syrups, it contains no opium, will soothe and heal any disease of the throat or lungs, and is a more effective remedy.

The Source in Dahlonega.

While in Gainesville it was reported to us that some parties from the afflicted cities below wanted to come to Dahlonega, and they were told that an epidemic prevailed in Dahlonega and twelve persons were buried in one day. The parties who made this false statement against Dahlonega, without any foundation whatever, ought to be in Jacksonville, and made to suffer the same agonizing fate that distressed city.

There is not a healthier place than Dahlonega on the globe, and a citizenship more noted for their hospitalities. There is no epidemic in Dahlonega and Porter Springs have wide open doors for those who desire to recuperate their health in this section.

PHYSICIANS prescribe Dr. J. H. McLean's Tin Wine Lung Balm; in it they find no trace of opium or morphia, while its efficacy in curing all throat or lung diseases is wonderful.

The Colored Association.

The Union Colored Baptist Association, will convene here today the 17th inst. Come out every body and hear the singing and preaching and we desire the marshal to be on the lookout, for the time has come that it takes the preachers and officers all to fight against Satan.

Respectfully,

Wm. RILEY.

Prof. Wm. T. Swanson dropped in to see us on Wednesday last, and he reports crops as good as the world ever produced over in the mountain counties. He has procured a very large school at Mineral Bluff and his prospects there are very flattering for a young deserving professor.

Far better than the harsh treatment of medicines which horribly gripe the patient and destroy the coating of the stomach. Dr. J. H. McLean's Chills and Fever Cure. Sold at 50 cents a bottle.

Writing School.

Prof. Geo. W. Cavender, will commence a writing school, at Dahlonega, Ga., on the first Monday in Oct. next, 1888. He was taught by the Commercial College of Lexington, Ky., one of the best Colleges in America. He teaches a perfect system and also, teaches ladies hand. His terms are \$1.00 for a term of ten days, and he furnishes the paper.

If you suffer prickling points on moving the eyes, or cannot bear bright light, and find your sight weak and failing, you should promptly use Dr. J. H. McLean's Strengthening Eye Salve 25 cents a box.

Col. R. H. BAKER.—A deserved compliment has been paid our fellow-citizen, Col. R. H. Baker, in placing him as an Alternate Elector of the 9th Congressional District.

BOARDS.—Hon. W. H. McAfee, having a beautiful commodious and ventilated situation, will offer inducements for about six or eight boarders in the next issue of the SIGNAL.

DIED.—Mrs. Mary J. Beard, widow of Fournay Beard, died at her residence in this city on the 11th inst. aged forty-three years. She has been demented for some time and a jury adjudged her a fit subject for the asylum, but as she grew worse and but little hopes were entertained of her recovery she was allowed to remain at home and was well cared for by her little son John and the good neighbors around; at last, death with its icy hand has claimed her as its victim. She leaves her two sons John M. and C. W. Beard, with a large number of brothers and sisters to mourn her demise. She lived a pious member of the Baptist church all her life, and we hope she has gone to meet that reward which is promised to the faithful believer.

[COMMUNICATED.]

DAHLONEGA, GA., Aug. 14, 1888.

Mr. Editor.—I would like to know if there is no chance to have the law enforced against persons getting drunk and disturbing divine worship in Lumpkin county; scarcely a meeting is held at Mill Creek Church, but what some one can be seen under the influence of liquor and heard cursing with the results in sight. It is not only disgusting to our services, and children who go out for the purpose of worshipping, but dangerous to even the men. Some parties were followed by a drunken crowd a few Sundays ago, who were on their way home from a baptizing cursing and abusing them. Now what more can we do? There is already warrants against some of these parties who stand church every meeting, not for the purpose of professing religion and endeavoring to do better, but disturbing those who do. Why is it the warrants against them are not executed? I am not able to say. Respectfully,

CITIZEN.

THE STATE CONVENTION.

The State Democratic Convention met in Atlanta yesterday, and was one of the shortest, most enthusiastic and harmonious conventions ever held in the State. As a matter of course, now only Gov. Gordon, but all the present state house officers, were unanimously elected. In speaking of these nominations the Constitution of to-day says:

"There was no opposition to the present statehouse officers, nor could there properly be. Experience has fitted them for their duties which have been exercised wholly in the interest of the state. Georgia was never better governed than she is to-day, and the indorsement of Governor Gordon's administration—including the officers who have aided him—had been demanded by the people of the state."

The following is the electoral ticket:

State at Large.—Hon. Thomas E. Watson, of McDuffie; Hon. John T. Graves, of Floyd.

Alternates.—A. B. Sillman of Jackson; A. R. Lawton, Jr. of Chatham.

First district.—A. G. Brannon, of Emanuel, elected; Bolling Whitefield, of Glynn, alternate.

Second district.—A. L. Hawes, Deatur, elected; Arthur Hood, Randolph, alternate.

Third district.—Thomas B. Felder, Laurens, elected; J. H. Hodges, Houston, alternate.

Fourth district.—J. M. Mobley Harris, elected; M. B. Wilkinson, Coweta, alternate.

Fifth district.—A. Gray, Fulton, elected; T. J. Flake, DeKalb, alternate.

Sixth district.—R. D. Smith, Crawford, elected; E. E. Pound, Butts, alternate.

Seventh district.—M. L. Johnson, Bartow, elected; T. C. Milner, Gordon, alternate.

Eighth district.—J. T. Jordan, Hancock, elected; W. B. Wingfield, Putnam, alternate.

Ninth district.—H. W. Newman, Cherokee, elected; R. H. Baker, alternate.

Tenth district.—E. H. Callaway, Burke, elected; C. E. Mitchell, Washington, alternate.

The districts elected the following as the executive committee for the next two years:

First district.—G. A. Mercer, Chatham; G. S. Holton, Appling.

Second district.—W. A. Harris, Worth; H. C. Worrell, Randolph.

Third district.—J. F. Watson, Lee; T. McRae, Montgomery.

Fourth district.—C. A. Redd, Muscogee; R. F. Freeman, Coweta.

Fifth district.—B. S. Walker, Walton; W. F. Pattillo, DeKalb.

Sixth district.—J. A. Hunt, Pike; R. N. Hardeman, Jones.

Seventh district.—J. O. Waddell, Polk; S. A. Anderson, Cobb.

Eighth district.—Ham McWorter, Oglethorpe; Calvin George, Morgan.

Ninth district.—J. E. Redwine, Hall; L. J. Alford, Pickens.

Tenth district.—J. E. Strother, Lincoln; W. L. Phillips, Jefferson.

On motion of W. A. Harris, the chairman of the convention, was authorized at his leisure to appoint the members of the executive committee for the state at large.

ATLANTA, August 10.—Rev. Dr. Wm. T. Talbot was expected on the Western and Atlantic train this afternoon at 1:25, but did not come. Mr. M. C. Kiser, Mr. James Wiley, and Mr. Gregg were at the train to meet Dr. Talbot, but found that he would not arrive until 4:35. At that time the Doctor arrived, and after spending a short time here, left to-night for the Piedmont Chautauque, where he will lecture to-morrow.

ANNOUNCEMENTS.

FOR SHERIFF. I am anxious to see myself as SHERIFF, and as it is somewhat a new and interesting question with the highest regards for the good people of Lumpkin county, for the past favor conferred upon me and with good will, toward all men in this world again announce myself for the office of Sheriff of Lumpkin county at the January election in 1889.

Now, Good people, if you cannot suit yourself any better, give the office to your old SHERIFF, who has served you to the best of his ability.

Your Humble Servt.

A. H. SATTERFIELD, Jr.

April 15th, 1888.

COUNTY TREASURER.

AFTER due consideration, and consultation with some of my most intimate friends, I hereby announce myself as a candidate for County Treasurer of Lumpkin county. Election Jan. 1889.

April 13th, '88.

FOR ORDINARY.

To the voters of Lumpkin county, I offer myself as a candidate for the office of Ordinary, at the approaching January election and will be thankful to all for your votes, for the office of the same. Respectfully,

JOHN H. HELLTON.

July 20th, 1888.

FOR SHERIFF.

AFTER due consideration, coupled with inclination to desire the office of SHERIFF of Lumpkin county, I take this opportunity of announcing myself as a candidate for the office of the same. I need the office—want it, and if elected will discharge the duties of the office to the very best interests of the people of Lumpkin county.

Respectfully,

JOHN L. WALLACE.

July 23rd, 1888.

FOR REPRESENTATIVE.

I HEREBY ANNOUNCE MYSELF A Candidate to represent Lumpkin County in the next session of the Georgia General Assembly, Oct. 3rd 1888.

FRANK W. HALL.

FOR SENATOR.

COOL W. P. PRICE is announced as a Candidate to represent the 32nd Senatorial District in the General Assembly of Georgia.

FOR SHERIFF.

I announce myself for the office of Sheriff of Lumpkin County, and would be glad to have the votes of the people of the County, and if elected will serve you faithfully and to the interest of the County. Election Jan. 1889.

DANIEL DAVIS.

COUNTY TREASURER.

HAVING been provided a liberal support by my friends, throughout the county, I hereby announce myself as a candidate for COUNTY TREASURER, at the ensuing election in January.

ELI F. JACKSON.

Two Hundred People Drowned.

VALPARAISO, via Galveston, Aug. 1.—A reservoir belonging to the Menns brewery burst at half-past 8 o'clock this morning. The principal streets of the city were flooded and traffic was suspended. It is supposed that upward of 200 persons were drowned.

The reunion of the Thirty-fourth, Thirty-sixth and thirty-ninth Georgia regiments and Phillips Legion will take place at Dalton on the 17th of this month. General Longstreet will be one of the speakers, and Governor Gordon has been invited to deliver an address. One of the features will be a grand barbecue.

The Hand company's gold mines, near Dahlonega, have been sold for \$1,250,000.

The above paragraph is going the rounds of the Press, under the head of State News. We know nothing of the sale. We give the item as we find it.

Our space is so crowded that it is impossible to give our correspondents room this week. But we will give them attention in our next.

The rumor that Hon. George N. Lester would be a candidate for Judge of the Blue Ridge Circuit, we learn, is unfounded, and he will not be a candidate.—Marietta Journal.

PUBLISHED WEEKLY AT DALLONGA, GA.

DALLONGA, GA., August 31, 1888.

FOR PRESIDENT,
GROVER CLEVELAND,
OF NEW YORK.

FOR VICE PRESIDENT,
Allen G. Thurman,
OF OHIO.

FOR GOVERNOR,
JOHN B. GORDON.

FOR CONGRESS NINTH DISTRICT,
ALLEN D. CANDLER,
OF HALL.

And you restless at night, and harassed by a bad cough? Use Dr. J. H. McLean's Tar Wine Lung Balm, it will secure you sound sleep, and effect a prompt and radical cure.

Mr. Editor.—Please allow Crumley's line in your column. We wish to know why our District with too others that voted, was not known, in the last election. Give some light on this.

We want elect any candidate that comes before the people and refuses to say what he is. The old party is ashamed to claim them. We want to know whether the candidates are free traders or prohibitionists and if they can't tell what they are we will be left out again as before.

JAMES R. DOWDY.
We say in answer to the above. We obtained the list from one of the managers verbally and the districts not mentioned were left out, only by mistake. However, we gave the result in the aggregate—hence it would not have changed the figures if all the districts had have been itemized.

Mr. Grindle's Position on the Liquor Question.
GRINDLE, GA., Aug. 27th, 1888.

Mr. Editor.
Having been asked several times how I stood on the liquor question, will state that I am in favor of every man having what he wants provided he can pay for it. Those who drink liquor will have it no matter what it costs nor how far they have to go after it. Men are not only punished by the State laws under the present system, but have to lie in Fulton county jail for months and months, eat peas and a little meat, just for selling a few pints of liquor while their families are left at home at the mercy of the world, often losing their crop for the want of some one to work it. Many a poor child is needing the necessities of life to-day whose father died in this much dreaded prison by some disease contracted there, when if liquor had been sold according to law, so much of this suffering would not exist, and the county would receive three or four hundred dollars per year where it does not get a cent in the way of taxes. Some may claim that the dockets of our courts would be filled with cases against criminals. This is a mistake, when Dahlonega had bar rooms we had only one week's court and at the present time two weeks are consumed in transacting the business.

I will say, in conclusion, if the citizens desire liquor to be sold, and wish a part or all of the local laws repealed, I will do all I can to secure the passage of an act in this respect, provided the majority of the people petition for the same and advertise in the local paper as required by law. Respectfully,
JAS. T. GRINDLE.

JACKSONVILLE, FLA., Aug. 26.—Nine new cases were reported to-day. The patients are:

There have been an even hundred cases all told and fourteen deaths. Many of the cases are light, with marked yellow fever symptoms, and are believed to be remittent or bilious fever. There are sixty-five cases under treatment, including one brought in from Camp Perry late this evening. All the other patients are doing well. It is said that the United States authorities

would have proved fatal. He died instantly.

CLAY CREEK August 28th, 1888.
Mr. Editor.—I have been waiting to hear from Punch, from this section for sometime. He having failed to punch.

I will attempt to drop a few thoughts to your highly prized little Journal.

The people have almost gone wild over the election.

Candidates who expect the vote of this district are respectfully invited to visit us at some suitable place and there make known to us the wants and wishes.

Col. W. P. Price's speech at the Jay Mills last Saturday I think will be as broad cast upon the waters to be gathered up not many days hence. For there was an abundance of bread consumed on the occasion.

Wonder if Col. Boyl, and Col. Graham will pay us a like visit? We expect speeches from Capt. F. W. Hall and Hon. Jas. T. Grindle before we are able to determine the competency of the two gentlemen.

Come on gentlemen let us know who you are. Mr. J. P. Parker was at Jay last Saturday and as the man who was expected from N. C. did not arrive, Mr. Parker could only set up the cider straight.

So hoping to see the announcement in the Signal of every man's name who is offering for office, I remain, yours,

SUBSCRIBER.
THIRTY SHOTS.

Jasper County's Fearful Vendetta Yesterday—Three Young Farmers Killed and Several Wounded.

The news reached Macon yesterday of a terrible tragedy in Jasper county in which two men were killed outright, another mortally wounded and several others more or less hurt.

From a gentleman who was on the ground at the time, and from passengers from Monticello who came in on the Covington and Macon railroad, and from the Telegraph's correspondent at Monticello, the following particulars are obtained: At Bethel church, about five miles northwest of Monticello, and near Winfield, in Jasper county, the Central Baptist Association has been in session for several days. The association held its business meetings in the church building, while the services were held daily under an arbor erected for the purpose and situated a short distance away. Beyond this arbor, on a hillside, the horses, mules, wagons, buggies, etc., were kept.

THE TROUBLE BEGINS.
Yesterday morning there were present eight hundred and a thousand people on the grounds. Just a few minutes before the services began, and while the association was in session, it was seen that a fight between the Malone brothers and the Tyler brothers, young farmers, was imminent, and Rev. Mr. Burton, who conducted the meeting, and some other gentlemen, took the noisiest of the Malone brothers away and were proceeding with him to the stand erected for the minister, followed by the other Malones and their friends, and while going through the place where all the teams were hitched, were met by some of the Tylers and their friends. Instantly pistols were whipped out and a general firing took place, it being estimated that no less than thirty shots were fired in less than a minute. There was a general stampede among the men and the ladies, each one fearing that some relative was hurt in the general fray. The large crowd became completely demoralized, some of the men flying to the woods and some gathering around.

THE WOUNDED MEN.
As soon as these men could be looked after, it was found that James Malone was shot through the head, body and heart and died instantly. Sam Tyler was struck in three places, and either one of his wounds

would have proved fatal. He died instantly.

Eddie Tyler was shot twice in the bowels and once in the leg. He was expected to die at any moment.

Walker Malone received a shot in the shoulder, inflicting a severe wound.

It was also known that several others were more or less wounded but they ran away from the grounds immediately after the shooting to prevent arrest.

A ball struck the watch of Frank Middlebrooks and thus saved his life.

The sheriff arrested a few of the parties and lodged them in jail.

THE CROWD'S NARROW ESCAPE.
Mr. Golden says that the shooting occurred in the midst of the large crowd, and among the large number of teams, making it difficult for the innocent people to get out of the way, and how so many people escaped being struck by the thirty bullets is exceedingly strange.

The good people of Jasper county are very indignant over the affair, especially as it occurred during a religious meeting. The Telegraph's correspondent telegraphs that the people will put a stop to such lawlessness. They will make every effort to bring the guilty parties connected with the vendetta to justice.

It is probable that as the inquest was held last night additional particulars will be gathered to-day.

Fashion, and society, impose many privations upon the female sex, in the way of dress. First it is one freak, and then another, and from the fact, that many of them are unhealthy in the extreme, it is small wonder that many women succumb, and that "female weaknesses" are the too frequent result. Dr. Pierce's Favorite Prescription is the only positive cure for these complaints in existence, and thousands of women can bear witness to its efficacy. "Favorite Prescription" is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on bottle-wrapper, and faithfully carried out for many years.

Dr. Pierce's Pellets, or Anti-bilious Granules, Laxative or Cathartic according to size of dose. Purely vegetable.

A Little Girl Disconcerts the President.

From the Lewiston Journal.

A Lewiston little girl disconcerted President Cleveland the other day. Her parents were on route from the west to Maine, via Washington, where they passed a few days. In their party were a clergyman and his wife, who particularly desired to see the President. The little girl made up the third of the party, and with the clergyman and lady called at the white house. The President shook hands, and as he took the maiden's hand in his she spoke up and said in a resolute tone: "I am glad to see you, sir. I am a little democrat."

The President smiled and shook her hand again, while the good clergyman and his wife stood agast. "I am glad to know it, my dear," said the President. "I am glad to know it. I am pleased to have so valuable an adherent," and he was about to turn to the next in the throng of people passing on when the little girl spoke up again in her clear voice and added: "But, sir, I am a great big republican."

President Cleveland is said to have turned, looked at the little one quizzically, laughed, and to have been for a moment or two at a loss for a moment or two at a loss for a word to say. Then he said good-by to the little girl from Maine, and they passed on, while those who heard him and saw the incident were highly amused. Of course the Lewiston little girl's parents were astounded, and are wondering what could have suggested such an encounter to their little daughter.

THE WORK OF THE NEWSPAPER

Each year every local newspaper gives from \$500 to \$10,000 in free money for the benefit of the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other ten men, and in all fairness, man and man, he ought to be supported, not because you may happen to like him or admire his writings, but because a local paper is the best investment a community can make. It may not be brilliant or crowded with great thoughts, but financially it is more of benefit to the community than a preacher or teacher. Understand us now, we do not mean morally or intellectually, but financially; and yet on the moral question. To-day the editors of local papers do the most work for the least money of any men on earth.—[Judge David Davis, of Supreme Court.]

A Lady's Testimony.
The Swift Specific Co., Atlanta, Ga. Gentlemen.—One of my lady customers, who was sorely afflicted with rheumatism and weak back for a long time, has been completely cured by the use of Swift's Specific. T. C. Lewis, 209 Texas St. Shreveport, La., June 15, 1888.

The following certificate speaks for itself.

Office of the REV. GOLD GRAVEL MINING CO. 330 Sanson St. San Francisco, Cal. November 12th, 1887. The Swift Specific Co., Atlanta, Ga. Sirs.—Having for the past four or five years been troubled with pimples and blotches on my face and body, and finding no relief in any of the chemically prepared soaps and medicines prescribed for me by physicians, I concluded to try your S. S. S. remedy and have found great relief in the same, four bottles clearing my skin entirely. I cheerfully recommend your medicine to all who are in the position that I have been in. You can use this letter and my name as a testimonial to the merits of the S. S. S. remedy. Very truly yours, ALFRED P. ROBINSON. Treatise on Blood and Skin Diseases mailed free. DAHLONEGA SIGNAL.

DAHLONEGA, GA., Aug. 31, '88.

On Saturday Sept. 8th, I will hold an examination for applicants who wish to contest for the Scholarship in the State School of Technology.

J. B. BROWN,
Co. School Com.

Two thousand eight hundred and eleven people were in attendance at Mossey Creek Camp Meeting week before last. This number was actual count by Hon. D. B. Clarke.

Correction.—Mr. L. Q. Meaders has been accused as making the statement that a malaria existed in Dahlonega. We take pleasure in stating that Mr. Meaders would have been acting in very bad faith towards his own interest to have made any such statement, alone from his falsity. Mr. Meaders owns the Dahlonega and Porter Springs route, and he would be the last man to get up a false report to the injury of himself and the citizens of this vicinity who have done so much to further his every interest.

If you suffer pricking pains on moving the eyes, or cannot bear bright light, and find your sight weak and failing, you should promptly use Dr. J. H. McLeans Strengthening Eye Salve 25 cents a box.

LOST.—A black Masonic Badge, gold enameled. Finder return to Carl Welborn.

There are many accidents and diseases which affect Stock and cause serious inconvenience and loss to the farmer in his work, which may be quickly remedied by the use of Dr. J. H. McLeans Volcanic Oil Liniment.

Cedar Mountain Camp meeting, went off to the good satisfaction of all visitors. The attendance was not so large this year and there were no disturbances whatever. A brother Methodist accounts for it thus:— "That the Baptists had a meeting just beyond."

Fan better than the harsh treatment of medicines which horribly grates the patient and destroys the coating of the stomach. Dr. J. H. McLeans' Childs and Fever Cure. Sold at 50 cents a bottle.

Dr. Greener, of Dallas, Texas, with his lady has come among us and will occupy the Crawford house recently vacated by the family of Dr. Cartledge.

The family of Dr. Cartledge have taken rooms at the Besser house, at the Brookshire corner.

Interesting Entertainment at Porton. On Saturday, according to previous announcement, Mrs. Cooper daughter of Col. Farrer rendered a very interesting entertainment at Porter Springs. The Programme was as follows:

- i. RECITATION—"Amusements."
- ii. TABLEAU—"Amusements."
- iii. RECITATION—"Daddy Long Legs."
- iv. TABLEAU—"Kiss me before I die."
- v. CHORUS.
- vi. RECITATION—"Orphan Boy Christmas Tree."
- vii. TABLEAU—"Horse Shoe Collar."
- viii. RECITATION—"The Witch of Woody Dell."
- ix. CHORUS.

Good Night. The audience was very much delighted with the efforts Mrs. Cooper made in getting up such an interesting entertainment for the amusement of the guests and for the audible purpose of aiding the Porter Springs Sabbath School. A nice little purse was raised, and it will be promptly turned over for the benefit of the Sabbath School.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago and will find a valuable remedy in Dr. J. H. McLeans' Volcanic Oil Liniment. It will banish pain and subside inflammation.

RETURNED.—Rev. A. C. Ward, pastor of the Baptist church of this place, returned on Friday last from England and preached to his congregation on Sabbath morning last. The object of his trip was to visit again the scenes of his childhood and see his kindred and friends in "merrie England," and also to accompany Mr. G. J. Hall, Jr., of Brunswick, Ga., a student at the N. G. A. College, who had been left by the will of an uncle, Thomas Hall, lately deceased, of Swansea, South Wales, England, a considerable estate of money, lands, bonds, etc.

Mr. Ward informs us that his trip was a pleasant one in every respect, and that his two months vacation and ocean voyage have proven of great help to him, and he begins his ministerial labors much invigorated. He will devote all his time to pastoral and missionary work in Dahlonega and neighboring Baptist Churches.

Physicians prescribe Dr. J. H. McLeans' Tar Wine Lung Balm in it they find no trace of opium or morphia, while its efficacy in curing all throat or lung diseases is wonderful.

As we go to press, we have just received the news of the death of Mr. S. B. Palmer, of Dawson County.

ARRIVED.—We are pleased to note the arrival of Mr. D. S. Craig and his wife, of Wallis, S. C. A few months ago Mr. Craig captured one of our most beautiful and accomplished young ladies, Miss Cadie Price, and they contemplate remaining with us for several weeks. We hope their stay with the "old folks at Home" may be blessed with very many scenes of pleasure.

Sick headache, wind on the stomach, biliousness, nausea, are promptly and agreeably banished by Dr. J. H. McLeans' Little Liver and Kidney Pills. 25c a vial.

Wine nature's filler and requires help, recruit her enfeebled energies with Dr. J. H. McLeans' Strengthening Cordial and Blood Purifier. \$1.00 per bottle.

FOR AT THE BESSER.—The hop at the Besser hotel on Friday night was a complete success in every sense of the word. The young ladies' costumes were superbly elegant, and the young men were equal to the emergency on such occasions. Much credit is due Mr. J. M. Gurley for the use of a dancing hall, and for his effort in furthering the enjoyment of the occasion. This entertainment is worthy to be called the most enjoyable of anything of the kind participated in by the young people of Dahlonega, for some time.

EXPOSURE to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLeans' Liver and Kidney Balm. \$1.00 per bottle.

DIED.—We have received the information of the death of Mrs. Nancy E. Pinion, daughter of Col. Jesse Turner and grand daughter of Miesjah Turner. She died in Calhoun county, Ala., August 6th, 1888. Age thirty-six years.

The Misses Davis of Chestnut District are the guests of F. V. Moose of this city.

Mr. L. Q. Meaders with an Omnibus full of Porter Spring visitors, visited this city on Tuesday last, and dined at the Burnside house. They returned at four o'clock. It was a merry crowd, and they all seemed to enjoy the trip very much.

Mrs. Dr. Jones has returned from Porton, and the Doctor no longer subsists on boarding house larder. The Dr. now seems to be as happy as a bird in the hand.

McLeans' Tar Wine Lung Balm, unlike cough syrups, it contains no opium, will soothe and heal any disease of the throat or lungs quicker than any other remedy.

OBITUARY. Departed this life August 10th, 1888, at the age of 63 years, Mrs. Elizabeth H. Mayes, wife of John M. Mayes, and daughter of Francis F. and Mary A. Wheeler. Was married to John M. Mayes in 1842.

She was a consistent member of the Methodist church for thirty years. She leaves a husband and four children to mourn her loss; but they do not mourn as those who have no hope, as her daily walk proved her profession. Sister Mayes was a good and faithful wife, an unselfish wife and tender mother—a true friend to the poor and loved by all who knew her—always and a word of sympathy for the distressed. She visited the sick and was a ministering angel to all her suffering. She spoke often of her future home in Heaven where she has many loved ones who have gone over. She had a son killed at battle of Chickamauga and also a daughter settled "over there" some thirteen years since. She exhorted her children and prayed to live for Jesus and all meet her with out the loss of one. She, also, left some dying message for her children and grand children in California to meet her where sad parting was no more. She then sang that beautiful song: "I am so glad Jesus came, He come to save me." Thus passed away one of our best and useful sisters.

Truly, death has no respect of persons, as this is three persons it has claimed from this household in the past fourteen months—leaving only one of a once happy family. May sister Mayes' family and bless him the husband; may his last days be his brightest, and may sister Mayes' dying request be realized and they made an unbroken band in that heavenly land, is the sincere wish of the writer.

The Signal.

BY J. P. REED & SONS.

PUBLISHED WEEKLY AT DALLON, GA.

DALLON, GA., - Sept. 28th, 1888.

FOR PRESIDENT.
CROVER CLEVELAND,
OF NEW YORK.

FOR VICE PRESIDENT.
Allen G. Thurman,
OF OHIO.

FOR GOVERNOR.
JOHN B. GORDON.

FOR CONGRESS NINTH DISTRICT.
ALLEN D. CANDLER,
OF HALL.

THE ELECTION.

The election for Governor, State House officers, Senator and Representative, and the amendment to the Constitution creating two new Supreme Court Judges comes off on next Wednesday, and each voter unbiased by gain, is called upon to go to the polls and vote according to the dictates of his judgment in recurring to the country men best qualified to act and give to the people such satisfaction in their acts as will be commendable to the servants of the people. We advise our voters to abstain from intoxicating beverages in order that they will not be induced to vote contrary to their wishes when they leave their families in the morning. We hope the election will pass off harmoniously and that the people will be satisfied with their results.

One of many sad cases a poor little white girl was in the relief committee store in Jacksonville with a basket for provisions. When asked how her mother was, the poor little thing burst out crying and it was some time before she could control her emotion sufficient to make known the fact that her mama had died, and there was nothing in the house to eat. This is indeed a pitiable case and there are no doubt many others quite as sad.

Yellow Fever.

Is still on a boom in Florida, and is getting worse. Jacksonville is depopulated, and Gainesville, Fla., run out of its limits Thursday. Everybody left who could leave. The fever is on the increase and the death rate is running higher.

Decatur Ala., and all along the Mississippi river from Memphis to N. Orleans are greatly excited. Business is paralyzed and people are fleeing in all directions, quarantine laws are enforcing in all suspicious towns and cities, and Jackson Miss., is already suffering from the scourge. We predict that all towns and cities in the affected localities will be remembered, and that at least two months will elapse before the fell destroyer will cease its sad havoc. We who live in the mountains ought to thank Providence that we are away from the scourge.

A farmer has put his geese to work in Alabama cleaning his cotton crop of grass. Every goose has a gourd on its neck, with a hole in it, filled with water, and the geese drink from the gourds of their neighbors when they get thirsty. He has a hundred geese in harness, and they keep his crop clean of grass. The geese eat the grass and the weeds, but won't touch the cotton. He will cultivate 100 acres in that way next year.

"Is the editor in" asked a stranger as he peered cautiously through the door of our sanctum. "Yes sir" responded the man at the desk. "Kin you tell me where I kin see him?" "I am the editor," "G'way." "Certainly. Is there anything I can do for you?" "You don't mean to say that you're the editor?" "Yes sir." "Well, I be damned. You don't look any different from anybody else."

Slight shocks of earthquakes have been reported from Mt. Pelicville, Eatonton, Madison, Lexington and other places in Middle Georgia. They were said to have been felt about 9 o'clock last Monday night.

People often wonder why country editors generally wear belts to hold up their pants, instead of wearing suspenders. It's the most simple thing in the world. When an editor gets word from his house that there is nothing on hand for dinner he simply tightens up his belt one hole and says nothing.—Ee.

To the Voters of Lumpkin County. After due consideration, I came out as a candidate for representative. I now withdraw from the race of the same, saying to my friends, I am a thousand times thankful to them for the encouragement they have given me. I see I was too late in making my announcement. I will try to be in time hereafter. Respectfully,

J. N. AUSTIN.

—Col. A. D. Chandler will address the people at Ayratt, Lumpkin Co., Ga., at 12 o'clock, Oct. 4th, 1888.

Physicians prescribe Dr. J. H. McLean's Tar Wine Lung Balm in that they find no trace of opium or morphia, while its efficacy in curing all throat or lung diseases is wonderful.

Test Bros. Show.—The Test Brothers, according to announcement, performed here on last Saturday afternoon and evening, and also Monday evening. The entertainment was very well patronized, considering the way it was advertised. Their show gave the utmost satisfaction taking into consideration that the price of admission was only 25 cts and children 15 cts. We did not have the pleasure of attending as the courtesy usually bestowed to editors by showmen, was not complied with; but nevertheless, the Signal, you know, has a large corps of editors, local devils, &c., who got in and the crowd said that it had more editors than the Atlanta Constitution. Capt. Williams, Ham, Garley, Roof Baker, and many more of Dalton's show, going people enjoyed it fine, and the Test Brothers tried to employ Capt. Williams to go with them.

Their negro deliberations trapeze performances, song and dance, was just good enough and would have given credit to shows of much greater magnitude. They pulled up and left Tuesday for Bilton.

Exposure to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLean's Liver and Kidney Balm. \$1.00 per bottle.

THE ELECTION.

This is the last number of the Signal that will be issued until the State election transpires, which is next Wednesday.

At that time the people will be called on to cast their vote for Governor and state house officers, Senators and Representatives, and as to the result that remains to be seen.

Remember the day of election—Wednesday, October 31. On Tuesday, November 6th the people of this Union will vote for president, congressmen and presidential electors. And on Wednesday January 2d, we vote for county officers.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago and will find a valuable remedy in Dr. J. H. McLean's Volcanic Oil Liniment; it will banish pain and subdue inflammation.

G. P. Boone & Bro.—We present to our readers to-day the advertisement of the above firm. Their large furniture and music Emporium is now open for inspection and trade, and it is complete in every particular. The merchandise they deal in are encased in their advertisement elsewhere, and they defy competition anywhere. If our readers should want anything in their line we would advise them to call on them when they visit Gainesville.

The canal broke last week and flooded the city of Augusta, doing much damage. At present the city is about dry. It is thought a deal of sickness will follow the overflow of the city.

OBITUARY.

Mrs. Mary A. Ray, our beloved sister, died Sept. 13th, 1888, at the age of 86 years. Sister Ray lived a consistent member of the M. E. Church, South, for about fifty years. She loved her church and was kind to all around her. She lived religious and her walk was Godly. The writer has been called on by sister Ray several times to write to her children in Kansas and California, and in closing her letters always said for them to live so if they never met on earth again that they might meet in Heaven. Some of them have long since preceded her and now sister Ray has bid adieu to all earthly friends and loved ones and has gone to join her loved ones in that upper and better land, there to bask in the sunshine of the Glory of the Lamb for ever and ever. Sister Ray will be watching and waiting for the rest of her friends and loved ones, for they are all on the Kings highway to the new Jerusalem. I imagine I can see them all gathered in an unbroken family around the throne of God in heaven, there to praise his name forever. Yes, sister Ray is there looking for the rest of us to come on. We, as a church, have lost a beloved sister in the church militant, but she has joined the church triumphant. We greatly sympathize with the bereaved family, and pray God's blessings upon them in this hour of sad bereavement.

T. H. WORLEY.

Woman's Relief.

"Earth has no sorrow that heaven cannot heal," whether arising from physical, mental, or moral sources. The promises and consolations of the gospel furnish abundant remedies for all spiritual or mental woes, and the Creator has stored in the kingdom of Nature, remedies for every physical ailment. For ages these remedies were allowed to lie dormant, through the ignorance of making as to their uses, and for ages more but little attention was given to remedies for the peculiar afflictions of woman, who was looked upon and treated as a slave by lordly, and then brutal man, and her suffering regarded with beastly indifference. In later times, science and Christian philanthropy have come to her relief, devising remedies for her peculiar weaknesses, which have been combined in Dr. Pierce's Favorite Prescription, a remedy that cures the pains, aches, nausea, displacements, wasting and debilitating afflictions to which she is constantly exposed. "Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

If bitten by a rabid dog apply common salt, as it has a great affinity for water and may extract the poison with the serum of the blood. Indeed, salt should be applied to the bite of any dog, and to the sting or bite of any insect or reptile there is nothing better. Then in case of the bite of a snake, free use of stimulants—such as ammonia (hartshorn) brandy and the like—will keep up the vital powers until the poison is eliminated. Salt is useful as an application to all wounds, it being one of the very best germicides which renders it so useful in preserving meats. The milder preparations of soda answer a good purpose in burns and scalds in which salt could not well be borne, on account of the pain it produced.

INUNDATION IN SPAIN.

Great Destruction to Property and Many People Drowned. By Telegraph to The Tribune of Rome. Madrid, Sept. 11.—The rivers in Andalus, Guadalquivir and Granada have overflowed their banks, causing great destruction to property in the adjacent country. Villages have been destroyed and bridges swept away. The people have become panic-stricken and have taken refuge in the mountains. Many persons have been drowned. Twelve corpses have already been recovered.

TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you.

I have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they take it according to directions.

Yours Truly,

L. L. GORSTICH, M. D.

Sold by all druggists; 75c. Some strange things were brought up from the earth while drilling wells near Albany, Ga. White pine logs were brought up on a day of twenty-seven feet, day through a mass of seven feet of petrified bones. They were thigh bones, ribs, finger bones, teeth, and with these remains of some forgotten race, immense bones of animals now extinct. A Mr. Bowles, in digging out for a mill foundation, came upon the shore of an ancient ocean. This sand showed the ripples from the waves, and was covered with marine remains, shells, sharks' teeth and bones of deep sea monsters.—Chicago Herald.

"The best things on this earth is a happy marriage, and the worst thing is an unhappy marriage. Whom God hath joined together let no man put asunder. But whom the devil hath joined let them go to Chicago. I am a lover of children. When God gives a man a wife and six or eight children he has done something for him. But when he gives him a wife and a canary bird he has just thrown off on him.—San Jose.

Lynch on a horse at night. From the Mason Telegraph. Chicago, Sept. 12.—Bismark Dak., says: A man named Wise was lynched for stealing horses in the Turtle mountains Wednesday. If you are suffering with any throat or lung trouble and cannot go South, try the Shaker herb remedy, Faith Whitcomb's Balm, which is performing the most wonderful cures. Mullen being the principal ingredient, an herb that is regarded by the medical profession as the most effective remedy for lung disease.

Dr. C. E. Horne of Boston says: "I have used Faith Whitcomb's Shaker Balm for bronchial affections in my own case with great success, and use and recommend it in my practice as I know it to be a remedy of great merit."

Dr. Geo. W. Brooks of Boston, a graduate of Harvard College, says: "I have no hesitation in recommending in the strongest terms Faith Whitcomb's Remedy, and as a physician I am both surprised and gratified at the favorable results which have followed."

"Do not trifle with life; if you have any symptoms of consumption, that terrible disease which takes off one-third of our population, try Faith Whitcomb's Balm. The immediate effects will induce you to continue it until you are cured of a malady which, unchecked, inevitably leads to death."

Price, \$1.00 a bottle. Don't let your druggist urge any inferior article upon you, and if he has not obtained a supply, we will send you three bottles for \$2.50 by express, securely packed. FAITH WHITCOMB'S AGENCY, Boston, Mass.

The name of R. Swell Junction, a station on the Richmond and Danville railroad, Atlanta and Charlotte division, has been changed to Chamblee, the name of the post office at that point, which will in the future save a great deal of confusion in the mail and freight matter. Chamblee took its name from a colored man, who was the only negro signer on a petition to the post office department. After repeated efforts for a name for the post office, the department selected Chamblee, in honor of the negro.

The editor of the Jasper Herald thus relates his woes: "If any mortal man ever got out of newspaper under more trying circumstances than we have done this week, we would like to see the color of his hair. Our folks have been sick, so that besides being editor, devil, canvasser, reporter, foreman and compositor, we have cooked milk, washed dishes, swept, chopped wood, toted water, and have also been doctor, nurse and general roustabout—in fact, we've done everything but say our prayers. Who was j.b.b., anyhow?"

A Doctor's Bill Saved. CHATTANOOGA, Tenn., June 28, 1888. The Swift Specific Co., Atlanta, Ga.: Gentlemen—In the fall of 1887 a case of blood poison developed on me

It was extremely bad, and the glands about my neck became fearfully enlarged. A friend who had reaped great benefit from your medicine induced me to try S. S. S. Before the first bottle was gone the swelling went down and I began to improve. In less than two months I was entirely well. My skin is perfectly clear now, and my blood absolutely pure. I am absolutely certain that Swift's Specific not only cured me, but at the same time saved me a big doctor's bill. I shall always cheerfully recommend your medicine whenever an opportunity offers.

Greatfully yours,

MADRID, Sept. 12.—A telegram received here says that the steamer Laurence, when entering Port Lant Canary Islands, at 6 o'clock this evening, ran into the Italian steamer Sal America from Montevideo. The latter vessel, which was lying at anchor, sank in a few minutes in ten fathoms water.

The Sal America carried 216 passengers and had a crew of sixty-seven men. Of these 190 passengers and sixty-three of the crew the shore in safety. Nine bodies have thus far been recovered.
